

WANT TO BE AN ACTUARY?

Cameron Gleed, FSA, MAAA, will talk about his work as an actuary and help students in math, statistics, econometrics, and financial risk management learn how to embark on a career as an actuary. He will have a Q&A session and talk about available positions at Milliman.

Cameron's actuarial activity is in health insurance consulting in the Milliman Seattle Health Practice. Milliman is a global company, performing consulting work across many actuarial disciplines and non-actuarial fields .
