

Brooklyn Bullard

02/02/2023

Meet Brooklyn Bullard!

Brooklyn Bullard is a Junior in the BA Theatre Arts program. She wants to work in both live theatre and film after graduation and plans to attend film school in order to be well-rounded in both.

"I love video editing, so working in post-production on films or doing projection work for theatre would be the dream! I hope to direct, design, write, and act as well, so wherever life takes me I will be very content. My mom and my sister have always been my biggest supporters in everything I do."

Fun Fact: "I plan on starting the script for the short film I'm working on as part of my film studies minor. Quite a bit going on with life right now, but I'm so excited for everything!"
