## Meet Ryan Adams!

Ryan is a senior in the BFA Acting program.

"I have been in shows since I was in the fourth grade. It has always been a place that has felt safe and like home. Theatre is a degree that makes you an active observer in life, I have discovered more about myself through theatre than I have through any other medium. Studying the human experience is a noble pursuit and I wanted to be able to be a part of that."

After graduation, Ryan plans to move to LA and "work, work, work".

Advice he'd like to leave for the next generation of graduates is:

"The most amazing and original part about you is the fact that you are you. Put as much of you in your work as you can and it will mean something."

A fun fact about Ryan is that he is also an ordained minister.
