## Meet Matt Bodiker!

Ryan is a senior in the BFA Acting program.

Matt is a Sophomore currently double-majoring in BA Theatre Arts and BS Psychology.

"I did theatre in high school and really loved it. My senior year, I took a CE theatre course and learned about all of the jobs you can do besides acting or tech work. I learned about dramaturgy there and decided I wanted to pursue that.

After graduation, I'd like to do some work as a Dramaturg. I'm also thinking of doing a Master's degree and seeing where that takes me!"

A piece of advice Matt would leave for future students is to: "Get invested in your work. It makes college a lot more fun and you learn a lot more."
